Be in demand with a qualification in a growing industry

Over the next 2 years, Australia needs 13,000 more carers for our ageing population

Our students are trained by professionals in the industry who are ready to equip you with practical skills in a personalised supportive learning environment. Kenvale's integrated study and work program ensures you are prepared for employment opportunities.

Training Facilities

Students are trained in a classroom at a residential aged care facility for 3 days in addition to 120 hours work place training.

**33 Jersey Ave,
MORTDALE NSW**

(On-site parking is available)

Who are we?

Established in 1971, Kenvale has over 50 years' experience in providing quality training and providing highly skilled graduates who are equipped to work in industry.

Kenvale College provides their students with a combination of industry-led knowledge with a person-centred approach and hands-on experience, ensuring our students develop a commitment to excellence into Aged Care and Disability sectors.

A qualification in Individual or Ageing Support, will enable you to:

- ✓ Be your own boss as a contract care worker
- ✓ Enjoy flexibility in your working hours/days
- ✓ Communicate effectively in community care and health services
- ✓ Support the independence, wellbeing and empowerment of our aging Australians
- ✓ Provide support to people living with dementia
- ✓ Properly care for people with diverse backgrounds, including your neighbours, family, friends or clients
- ✓ Obtain a current First Aid Certificate in Certificate III Individual Support (Ageing)
- ✓ Prevent and control infection (e.g. Covid)
- ✓ Operate technology and equipment used in home and residential care
- ✓ Gain transferable skills to work in both Aged and Disability Care in home or residential facilities

Our Aged Care Courses

NATIONALLY RECOGNISED
TRAINING

Course

Duration

CHC33015 Certificate III in Individual Support (Ageing):

6-months

No experience required; this qualification is the minimum requirement into the aged care sector.
